PROFESSIONAL SUMMARY

AI and Automation Engineer with 1+ years building production Generative AI applications and enterprise workflow automation systems. Skilled in Python, FastAPI, LangChain, and RAG pipelines, with hands on experience in n8n workflow automation, vector databases, and AWS cloud deployment. Shipped 13+ automation workflows integrating Microsoft 365 and Notion, improved model precision by 20 percent, cut API latency by 35 percent, and reduced LLM inference cost by 100 percent. Seeking to leverage RAG and workflow automation expertise to drive AI powered efficiency at a growth stage technology company.

EXPERIENCE

Associate Automation Specialist

Apr 2026 – Present

White Digital Canvas (WDC) / White Creative Network

Puducherry, India

- Developed and deployed 13 end to end automation workflows using n8n, Microsoft 365, and Notion, automating 5+ manual processes, cutting operational effort by an estimated 40-60 percent, and eliminating 2-4 hours of manual work per day via automated reporting and intelligent auto routing.
- Built automated client data synchronization across multiple client accounts via REST API integrations, reducing manual data entry by 90 percent; designed 3 daily scheduled reporting workflows requiring no manual intervention.
- Integrated 6+ platforms (Outlook, OneDrive, Teams, Notion, Claude AI, Google Alerts RSS) into unified pipelines, resolving 20+ API integration and authentication issues; sole owner of the automation function, reporting directly to the Managing Director.

AI Engineer Intern

Jun 2025 – May 2026

IG Enterprises

Puducherry, India

- Achieved a 20 percent precision gain via BERT based semantic embeddings and spaCy NER pipelines for multilingual intent classification; optimized LLM inference via quantization and batching, cutting p95 response time by 40 percent.
- Built and led FastAPI deployment of a production conversational AI chatbot developed from scratch, using MongoDB for conversation storage and a CI/CD pipeline for automated deployment; reduced API latency by 35 percent and integrated Whisper STT for 3 live voice workflows.

KEY AI PROJECTS

Nuvex: Multi-Agent AI Shopping Assistant | *LangGraph, GPT-4.1, Qdrant, PostgreSQL, Docker* | GitHub

Jun 2026

- Engineered a coordinator-specialist multi-agent shopping assistant with LangGraph and GPT-4.1 across 4 agents; integrated Qdrant hybrid search with Cohere reranking and a PostgreSQL backed cart/inventory system across 6 Docker microservices.

RAG Customer Support Chatbot | *LangChain, LlamaIndex, FAISS, Ollama, AWS* | GitHub

Mar 2026

- Architected an end to end RAG pipeline (LangChain, LlamaIndex, FAISS Top-K=8) on AWS; cut hallucinations across 500+ queries via prompt engineering and reduced cloud API cost by 100 percent using offline Gemma3:1b via Ollama.

ResuMate: AI Resume Analyser | *NLP, Embeddings, Claude API, FastAPI* | GitHub

Sep 2025

- Built an NLP powered ATS engine with semantic similarity and the Claude API, exposed via a REST API; generated real time reports for 1,000+ resumes with 95 percent-plus extraction accuracy.

TECHNICAL SKILLS

Programming and Backend: Python (Advanced), REST APIs, FastAPI, Microservices

Generative AI and LLMs: LLMs, RAG Pipelines, Prompt Engineering, Embeddings, Semantic Similarity, LangChain, LlamaIndex, LangGraph, AI Agents (Multi-Agent Systems)

NLP: spaCy, NER, Text Classification, Whisper (Speech-to-Text)

Vector Databases: FAISS, Qdrant

Workflow Automation: n8n, Webhooks, API Integrations

Cloud and Databases: AWS, Docker, MongoDB, PostgreSQL

Local LLM Deployment: Ollama

Tools: Git, GitHub, CI/CD

EDUCATION

Women's Engineering College

Puducherry, India

B.Tech in Computer Science and Engineering

Dec 2022 – May 2026

- CGPA: 6.63 overall (7.8+ in AI/ML and CS core); Coursework: Machine Learning, AI, Data Structures and Algorithms, Operating Systems, DBMS, Computer Networks

CERTIFICATIONS

Cloud Computing Fundamentals (Feb 2026) | Fundamentals of AI Agents, Hugging Face (Oct 2025) | SWAYAM-NPTEL, Psychology

ACHIEVEMENTS

President, Cyber Security and Ethical Hacking Club (50-plus members); Social Media Manager, grew engagement by 30 percent; Best Student Volunteer Award, Har Ghar Tiranga (100-plus participants)
